AirAccess®
by Alarm Lock

Now Available! AirAccess® The 1st revolutionarily-easy cellular-based access control system & ACaaS
Grow your business & bottomline faster than ever possible

✔ **Easiest to Install and Operate,** cloud-based access, wireless panels with standard readers &/or networked wireless locks

✔ **Easiest Connection –** Cellular communications makes direct connections for you, outside your customers' IT network (no ports to open or static IPs needed)

✔ **Easiest Setup –** Cloud-based software auto-learns network devices so it's simply plug & play

✔ **Easiest to Bid & Budget –** Flat monthly system fees, saves enduser accounts the need to devote resource to an on-premise access system – Lowest TCO – Wins more accounts

New AirAccess® System - Available at Your Distributor

Part No.	2 AirAccess Starter Kits
AA-KIT1A **AirAccess® Starter Kit 1** ①	**AirAccess Starter Kit 1:** Cellular Communicator w/ Transformer (AT&T Network); Gateway for Networking up to 63 Access Doors (w/ Trilogy Networx or ArchiTech Locks or NetworxPanel and Wiegand Prox Readers); AirAccess Cloud-based Software "Ready to Connect to". Cellular communicator, makes cell connections for you, outside the client network/server/firewall for easy setup. (*Requires monthly plan.)
