

# Non-Metallic Liquid-Tight Cord Grips

*Connects multiple cables to combiner or junction boxes*

**Unique cord gripping action... connector ships fully assembled**

NMPV125  
1-1/4"

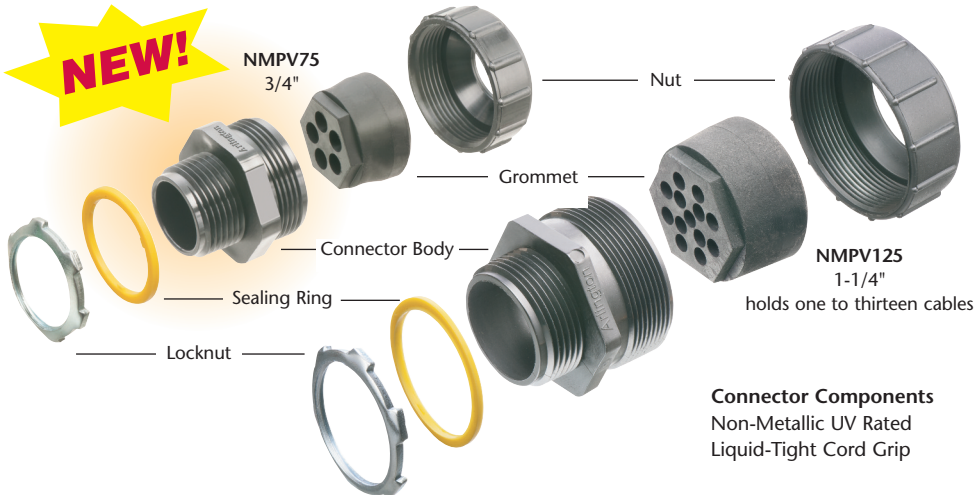

NMPV100  
1"

NMPV75  
3/4" Holds up to five PV or USE-2 cables

Arlington's new **Cord Grips** are ideal for solar – and other jobs – jobs requiring the connection of multiple cables into raceways, fittings, and combiner or junction boxes.

These new cord grips offer a unique cord-gripping action to separate and hold cables securely in place. The internal grommet squeezes down on cables as the nut is tightened.

- Sizes/Capacity:
  - 3/4" (NMPV75) holds up to (5) PV or USE-2 cables
  - 1" (NMPV100) holds one to nine cables
  - 1-1/4" (NMPV125) holds one to thirteen cables
- For cables from .225 to .255 – Ideal for #10 PV cables
- UV rated for reliable outdoor use
