GES24-15/75WR 15/75 cd Strobe (red)

www.boschsecurity.com

BOSCH
Invented for life

- Use the SuperSlide feature for easy testing
- Wide voltage range; 16 to 33 VDC or FWR
- Wire then install the entire system
- Use the GSB Surface Back Box for easy mounting
- Rugged die-cast metal mounting plate

The Gentex GES24-15/75WR low-frequency strobe offers a dependable visual alarm, low current draw, 16 to 33 VDC or FWR voltage range, and a minimum flash rate of 1 Hz regardless of input voltage.

Functions

Easy Installation and Testing
The user can wire then install the entire system, reducing installation and operating costs. Use the SuperSlide feature to test supervision.

Certifications and approvals

Gentex Corporation holds these listings and approvals:

Region	Certification	
USA	UL	UUKC: Signaling Appliances and Equipment for the Hearing Impaired (UL1971)
	FM	
	CSFM	see our website

Installation/configuration notes

Compatible Products
The following products are compatible with the strobe:

Control Panels:
Compatible with the FPA-1000 Family[1], FPD-7024 Family[1, 2], D10024A[1], D9124[1], D8024[1], D7024[1, 2], and D7022[3] FACPs
Synchronization Modules:
AVS-44 and AVSM-R
[1] For synchronization, use the AVS44 or AVSM Synchronization Modules with these control panels.
[2] When used with a D7039 Multiplex Expansion Module, the FPD-7024 and D7024 become addressable FACPs.
[3] The D7022 must be set for 24 VDC operation and requires the AVS44 or AVSM Synchronization Modules for synchronization.

Mounting Considerations

Notice
Use the strobes for indoor installations only.

The strobes are equipped with a four-inch square mounting plate that can be attached as follows:

	Conduit Applications	Surface Mounted	Semi-flush Mounted
Single-gang	•		•

Double-gang	•	•	•
Four-inch square	•	•	•
GSB	•	•	

Also included is a locking mechanism that secures the product to the bracket without any screws showing.

Wiring

Notice
Do not use these units in coded or pulsed signaling circuits.

The input terminals accept wires with diameters between 18 AWG and 12 AWG (ISO 0.75 mm^2 and 4 mm^2).

Parts included

Quant.	Component
1	Horn with finish plate
1	Die-cast mounting plate
1	Plastic test card
1	Hardware pack
1	Literature pack

Technical specifications

Electrical

Voltage Range	16 VDC or FWR to 33 VDC or FWR
Voltage (Input)	24 VDC or VFWR nominal
Strobe Current Ratings (maximum)	96 mA RMS, 135 mA FWR

Environmental

Relative Humidity	Up to 93% non-condensing
Temperature (Operating)	+32°F to +120°F (0°C to +49°C)

Mechanical

Dimensions (H x W x D)	5.0 in. x 4.5 in. x 2.5 in. (12.7 cm x 11.4 cm x 6.4 cm)

Trademarks
All hardware and software product names used in this document are likely to be registered trademarks and must be treated accordingly.

Ordering information

GES24-15/75WR 15/75 cd Strobe (red)
This red, low-frequency strobe offers a dependable visual alarm, low current draw, 16 to 33 VDC or FWR voltage range, and a minimum flash rate of 1 Hz regardless of input voltage. It has the Gentex SuperSlide feature for testing supervision.
Order number **GES24-15/75WR**

Accessories

AVS-44 Synchronization Control Module (red)
Synchronization Control Module primarily for use with the Gentex HS24 Series and ST24 Series notification appliances.
Not Available.
Order number **AVS-44**

AVSM-R Synchronization Control Module (red)
Synchronization module for use with all Gentex synchronizable notification appliances except the HS24 Series and the ST24 Series.
Not Available.
Order number **AVSM-R**

GSB Surface Back Box (red)
5.6 in. x 4.6 in. x 1.5 in. (14.1 cm x 11.6 cm x 3.7 cm)
Order number **GSB**
