

# ULTRA MUG KIT (EZ-ULTRAMUG)

THE WORLD'S FIRST SMARTPHONE VIDEO INTERCOM

*Secure and convenient property access for any development*

World's 1st smartphone video intercom for gated communities, apartments, and student housing.

Visitors place a call to a resident which will be notified on the mobile Comelit App.

Residents without a smartphone can receive a phone call to open the door with the push of a button.

Residents can create temporary or scheduled pin codes for delivery drivers who can release the door..
