Product Details

ADVANCED 5G WIFI EVERYWHERE

The NETGEAR® Nighthawk® M5 Mobile Router upgrades your mobile broadband experience with WiFi 6 and incredible 5G blazing speeds.

NEW WIFI 6 TECHNOLOGY

The latest WiFi 6 technology delivers the fastest 5G speeds to all your connected devices of today and tomorrow, with up to 4X more capacity than AC WiFi.

IT'S 5G WIFI MADE EASY

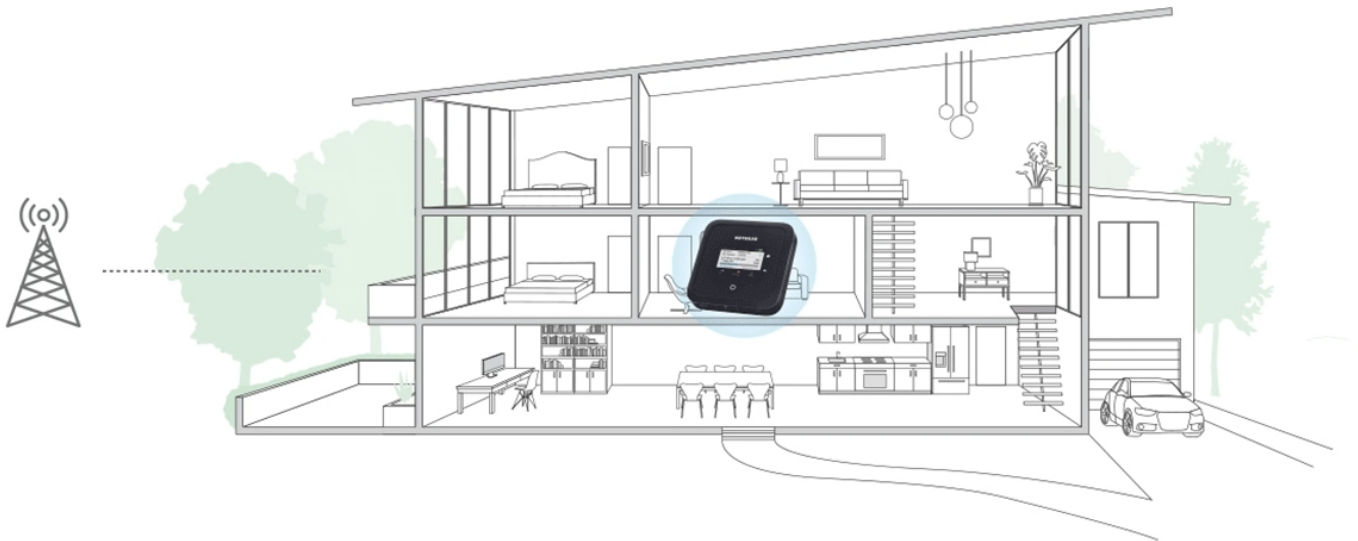

Keep your entire family or team connected with reliable, secured WiFi for up to 32 devices. Perfect for commuters or mobile staff such as first responders and service technicians – access secure WiFi wherever your work takes you.

5G NETWORK FOR HOME INTERNET

If Fibre, DSL or Cable Internet speeds are not optimal in your area, 5G can be more reliable as your primary Internet connection. Simply connect your Nighthawk M5 Mobile Router to your existing home router to deliver 5G speeds throughout your home.

5G AND WIFI 6 EVERYWHERE

With the Nighthawk M5 Mobile Router, you don't have to go anywhere without your WiFi. All your devices will run at the speed of 5G. You can always know who's on your network. And you can always trust your personal network.

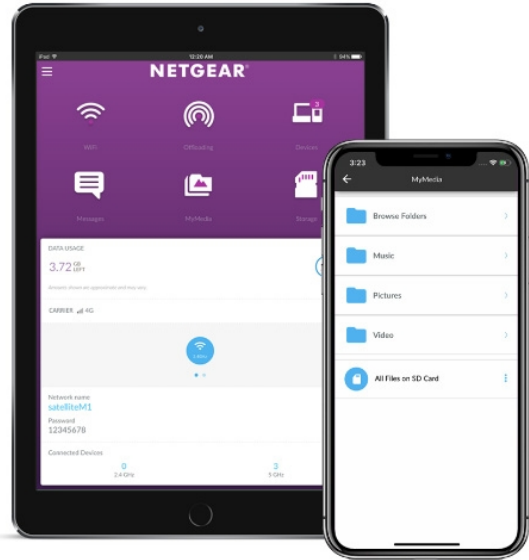

NETGEAR MOBILE APP

Manage your NETGEAR mobile routers from the convenience of your smartphone or tablet.

Note: This App is not designed for AirCard USB modems.

- Track data usage by month and session
- Check the status of your WiFi connection and battery life in real-time
- View connected WiFi devices
- Turn off your hotspot
- Enable Dual-Band WiFi (applicable models only)
- Beep your mobile router or hotspot (applicable models only)
- View and play media files
- Offloading to WiFi or Ethernet
