

DTK-MB with Snap Track Channel

Quick-Install Mounting System for DTK-2MHLP and DTK-2MHTP

The DTK-MB with Fast-Track mounting is the newest accessory for the DTK-2MHLP surge protector. This new mounting system replaces the MB10 with a more user-friendly system. Perfect for alarm panels, fire control systems, or other multiple-termination communications gear, the DTK-MB installs easily and quickly.

Features

- Available in quantities of 1, 2, 3, 4 or 5
- Straight-in/straight-out terminal connections
- Common ground plane for multiple DTK-MHLP or MHTP surge protectors
- Fast installation to save time

Benefits

- Configure installations to suit your needs
- Protect multiple line voltages in one cabinet
- Up to ten data or telco pairs protected with only one ground connection and only one backplane mount, simplifying installation

Ordering Guide

- Single unit: DTK-MB10
- Multiple units: DTK-#MB - # indicates the number of module bases desired (2-5)
- Compact base (not shown): DTK-XB10, consult factory

Dimensions

DTK- MB10 (2 pairs): 4.13"W x 1.65"H (105mm x 42mm)
DTK- 2MB (4 pairs): 4.13"W x 3.30"H (105mm x 84mm)
DTK- 3MB (6 pairs): 4.13"W x 4.95"H (105mm x 125.7mm)
DTK- 4MB (8 pairs): 4.13"W x 6.60"H (105mm x 167.6mm)
DTK- 5MB (10 pairs): 4.13"W x 8.25"H (105mm x 209.6mm)
