

# MAXSYS

## ACCESS CONTROL

Monitoring and restricting the individual entry of tens or perhaps a thousand people within a building is not easy. To protect it from theft or damage, MAXSYS allows simple and affordable access control integration with its alarm systems.

### 2-Reader Access Control Module

#### PC4820

- Connect up to 16 modules
- Multiple reader technologies
- 2 supervised lock outputs:
  - 250 mA per output
- 64 user access levels
- 99 date schedules
- 4 holiday groups
- Arm/Disarm partitions via access control
- PC4053 beige cabinet included

#### Readers

- MAXSYS supports a wide variety of 26-bit Weigand and Kantech XSF Technology readers including:
  - Polaris™, ioProx™, Shadowprox™ and HID

### Request-to-Exit Detector

#### T-REX™

- Passive infrared request-to-exit detector with patented X-Y Targeting™ and DSP (Digital Signal Processing)

### MAXSYS ACCESS CONTROL KIT

This affordable package is the perfect access control starter kit. It has all the essentials you need: control panel, access control module, reader and cards in one low-cost package. And, if needed, the system can be easily expanded.

- 1 PC4020 control panel
- 1 PC4820 access control module
- 1 P225W26 ioProx reader
- 10 P40KEY ioProx dual-encoded proximity keys
