Eagle-200 Gate Operators for Swing Gates to 20 ft. and 1,000 lbs

With three models to choose from, Eagle-200 is the reliable choice for all your commercial and industrial needs; big heavy gates with high traffic use, and smooth powerful operation.

The Eagle-200 Commercial Swing Gate Operator comes standard with the features you most often need. Features like:

- Automatic Open/Close Delay for dual leaf gates—The precise delay is programmed in the Diamond Control Board
- Partial Open, One Pass, Stop-Reverse, and more ... Advanced Features come standard.

Establish full communication between master and slave operators with only two wires. With Eagle's Global Inputs, you can now connect accessories to the master or slave operator.

Operation of dual leaf swinging gates has never been easier.
