The ATEX-EPL-UN-ALU-90-MF-0.5IN from Larson Electronics is an ATEX Rated Explosion Proof Union that provides reliable connections for conduits and junction boxes in flammable work sites. This industrial accessory is constructed of copper-free aluminum with a natural finish and contains two, 1/2" NPT threaded hubs. Equipped with a male-to-female configuration, the explosion proof union contains a rounded, 90-degree bend.

The ATEX-EPL-UN-ALU-90-MF-0.5IN facilitates secure conduit connections in combustible work sites. This unit is recommended for male-to-female conduit connections.

Constructed of copper-free aluminum with a natural finish, the explosion proof union bends at a rounded, 90-degree angle. The silver accessory is suitable for Ex II2 G & Ed d IIC environments.

Hubs: The ATEX-EPL-UN-ALU-90-MF-0.5IN contains two, 1/2" NPT threaded hubs.

Applications: Hazardous locations, conduit connections, electrical systems, wiring access, oil and gas, food processing facilities, chemical plants, manufacturing, combustible sites and more.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
