

Please see last page for supporting documentation for this product(certificates, CAD files & drawings, IES files, wiring diagrams, etc).

The EPL-AEB-20.36.X-SP0003 from Larson Electronics is an aluminum mounting plate designed to mount within EPL-AEB-20.36 Explosion Proof Enclosures. This aluminum plate is CNC cut for precision fitment, comes uncoated (natural finish), and allows operators to mount equipment to this removeable pan prior to installing it within the EPL-AEB enclosure.

Suggested Applications: Mounting customer provided equipment within mating EPL-AEB series of explosion proof enclosure. See dimensional drawing for specific details and bolt hole patterns.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
