**The Larson Electronics EPL-LB Explosion Proof Elbow Conduit is suitable for use in Class I, II and III rated sites and environments. This explosion proof accessory provides 6.5 cubic inches of volume for electrical components. Notable features include integral bushings and an easy access cover for seamless installation.**

The EPL-LB facilitates secure conduit connections in combustible facilities. This elbow conduit features 6.5 cubic inches of volume and an easy access cover. Equipped with integral bushings, the unit is constructed of copper-free aluminum with an electrostatically applied powder coating for durability in rugged environments.

**Hubs:** This elbow conduit is offered with 1/2" or 3/4" size hubs.

**Applications:** Industrial facilities, manufacturing plants, inspections, chemical processing facilities, confined spaces, mining operations, detailed tasks, warehouses, hallways, construction sites and other hazardous locations applicable to this unit.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message [sales@larsonelectronics.com](mailto:sales@larsonelectronics.com) for more information about our custom options tailored to meet your specific industry needs.
