HLP-AE.EX-63A-4P5W-415Y.240 Flameproof Plug

Unit Type: NRTL Listed for European, International Locations

Dimensions: 8.3"H x 3.9"W

Weight: -

Voltage: 380V AC, 3PH

Amps: 32A

Configuration: 3-Pole 4-Wire

Cord O.D.: 0.6" to 1.1"

Compatibility: HLO-AE.EX-32A-3P4W-380V Terminal Capacity: 1 Wire, 14 to 8 AWG

Ratings

The Larson Electronics HLP-AE.EX-32A-3P4W-380V-PC Hazardous Location Pin and Sleeve Plug is an ATEX rated cord cap approved for use in hazardous environments where flammable or explosion gases, vapors, or dusts stand the potential to exist and where flammable dusts, fibers, or flyings exist. This 3-pole, 4-wire plug is designed to provide a secure connection for electrical equipment within the hazardous location.

This hazardous location 3-pole, 4-wire pin and sleeve plug is compatible with our HLO-AE.EX-32A-3P4W-380V hazardous location power receptacles. This plug is rated for 32 amps and is suitable ATEX/IECEx rated environments. This hazardous location plug features polyamide construction and operates on three-phase 380V AC. The color coding of these units makes it impossible to connect different voltages and current ratings, to ensure safe power connection.

Suggested Applications: Chemical and pharmaceutical manufacturing, petrochemical operations, offshore applications, coal mining and other refinery or industrial operations.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the

lighting and electronics business since 1973. Contact us today at 800-369-6671 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
