M18 FUEL™ Oscillating Multi-Tool

Our M18 FUEL™ Oscillating Multi-Tool generates the fastest cuts, the power for demolition, and the lowest full tool vibration. The POWERSTATE™ Brushless Motor delivers 10,000 to 20,000 OPM with an aggressive 4.2-degree oscillation angle to deliver the fastest cuts over the competition. The cordless multi-tool also gives you the power to complete many demanding applications with ease, such as large cuts through hardwoods and nail embedded wood, pushing the limits of what a multipurpose oscillating tool can do. Vibration dampening technology delivers the lowest full tool vibration, letting you make cuts more comfortably with less fatigue. REDLINK PLUS™ Intelligence ensures you achieve unmatched levels of performance, protection, and compatibility. The M18™ REDLITHIUM™ XC5.0 battery (not included) delivers more work per charge than competitive batteries on the market when used with the multitool. The MILWAUKEE® M18 FUEL™ Oscillating Multi-Tool has a 10-Setting Dial with an additional Auto-Load Feature, allowing you to adjust the speed to the application. An integrated 180-degree LED light provides maximum visibility in low-light situations.

INCLUDES:

- (1) M18 FUEL™ Oscillating Multi-Tool (2836-20)
- (1) OPEN-LOK™ 1-3/8" HCS WOOD BLADE 1PK (49-25-1101)
- (1) Multi-Tool Sanding Pad (48-90-2000)
- (1) 3-1/2" 60 Grit Triangle Sandpaper
- (1) 3-1/2" 80 Grit Triangle Sandpaper
- (1) 3-1/2" 120 Grit Triangle Sandpaper
- (1) 3-1/2" 240 Grit Triangle Sandpaper

- ✓ POWERSTATE™ Brushless Motor: Purposely built for the M18 FUEL™ Oscillating Multi-Tool combined with 10,000 to 20,000 OPM delivers fastest speed of cut
- ✓ REDLINK PLUS™ Intelligence: Most advanced system of electronics in the industry, enabling communication between batteries and tools, allowing for unmatched levels of performance, protection, and compatibility.
- ✓ REDLITHIUM™ Battery Pack: Superior pack construction, electronics, and performance deliver more work per charge and more work over pack lifespan than any battery on the market.
- ✓ Variable Speed Dial to Allow Users to Adjust the Speed to the Application
- ✓ Auto-Load Feature to allow the user to start slowly when making precise cuts, and automatically ramp up to the highest speed once under load, to provide unmatched productivity
- ✓ 180 Degree Span LED Light for better Visibility in Low-Light Situations
- ✓ Oscillation Angle: 4.2 Degrees for Fastest Cutting Vibration Dampening Technology for Lowest Full Tool Vibration
- ✓ Tool Free Blade Change for Faster Accessory Changes
- ✓ Compatible with all M18™ Batteries
