M12™ Green 360° 3-Plane Laser Kit

Our M12™ Green 360° 3 Plane Laser Kit provides you with all day runtime and best visibility in its class. You'll get 15+ hours of continuous runtime when paired with an M12™ REDLITHIUM™ 4.0 XC Battery for ultimate productivity. The high-intensity green laser offers you superior visibility up to 250' (diameter) for long-range applications. The three 360° planes include horizontal and two vertical lines for fast and easy alignment, leveling, squaring, and transfers allowing you to easily layout large spaces with one tool. The integrated bracket features a micro control and pivots on plumb point for easy and fast alignment. The amplified rare earth magnets provide a strong hold and will not slide on steel studs, while an integrated hang hole makes setup easy and efficient in any environment. As a part of the industry-leading MILWAUKEE® M12™ System, this 360° laser level is compatible with all M12™ Batteries.
