

AXIS T91G61 Wall Mount

Quick connection and room for more

Designed for PTZ and multi-sensor cameras, AXIS T91G61 Wall Mount accommodates and safely protects accessories inside the mount. Quickly and easily, connect power and data via pre-mounted Ethernet cable with IP66 RJ45 connector. Thanks to its impact-resistant and outdoor proven material, the mount suits all environments, both indoors and outdoors. AXIS T91G61 has the same hole pattern as the standard Axis PTZ wall mount and for retrofit, a pattern that matches Pelco's PTZ camera mount to enable an easy switch - no additional drilling is required. It can be mounted on poles and corners with the help of optional accessories.

- > **Room for connectivity devices, midspans (not included) and service loop**
- > **Protection against impacts, water, dust and corrosion**
- > **Pre-mounted IP66 RJ45 connector**
- > **Re-use existing holes**

AXIS T91G61 Wall Mount
