

# LED-ILLUMINATED DOOR SAFETY KITS

MANUFACTURED BY

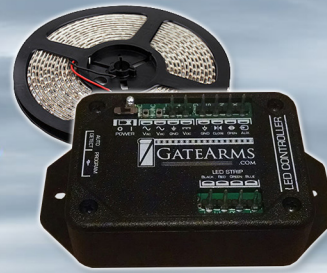

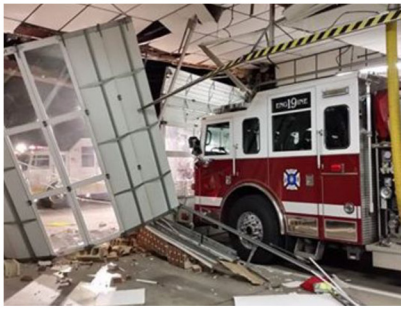

PREVENT DOOR STRIKES AND DAMAGE

PROTECT LIVES AND EQUIPMENT

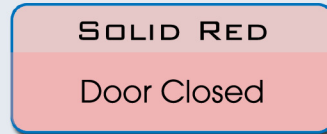

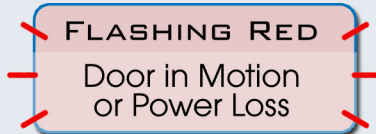

WWW.GATEARMS.COM

## COMMERCIAL DOOR SAFETY KITS

Advanced safety kits feature bright LED strips which intelligently change color

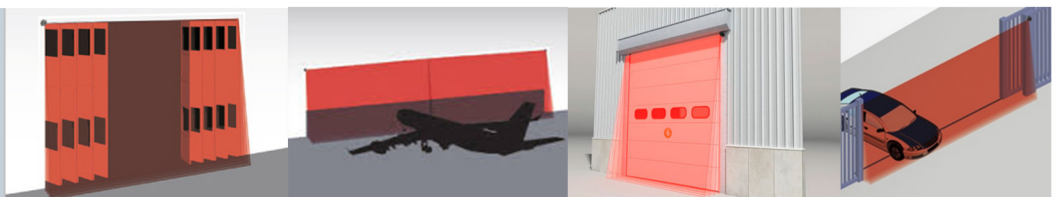

- User-configurable - can display any color including flashing
- LEDs are IP-68 rated, waterproof, UV protected, and daylight visible

## PREVENT COSTLY DOOR STRIKES

- Highly cost-effective safety enhancement
- Works with virtually any CDO
- Easy to install
- LEDs flash if CDO power loss is detected
- Bright LEDs light up entire truck bay
- Aluminum track available in 4 different styles

## MISSION-CRITICAL DOOR SAFETY ADD-ONS

- Our LED Controller integrates with most safety sensors including LZR-i30
  - Provides power supply to the safety sensor
  - LEDs flash white when an alert is received
- LZR-i30 scans complete doorways up to 30' x 30'
