**The EXP-WIP-RPS-8AH-M from Larson Electronics is a complete enclosure and mounting assembly for operator provided wireless cameras and sensors. This assembly includes an enclosure with a wireless class rated antenna and a magnetic mounting system.**

***\*PLEASE NOTE: The EXP-WIP-RPS-8AH-M unit only includes a wireless class rated antenna, and does not make non-wireless units into wireless. The operator installed device must be capable of transmitting data.\****

**Mounting:** The EXP-WIP-RPS-8AH-M can be mounted on magnetic surfaces via a magnetic mounting system enclosure. This seamless feature allows operators with gloved hands to position the unit instantly, without tools, screws or additional accessories.

**Applications:** Explosion proof forklifts, tank cleaning, tank/reactor monitoring, remote observation of external facilities, offshore and land based rigs, indoor and outdoor security, commercial buildings and more.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 800-369-6671 or message [sales@larsonelectronics.com](mailto:sales@larsonelectronics.com) for more information about our custom options tailored to meet your specific industry needs.
