

47693-16P

1x16 Premium CATV Module, gold-plated connectors, includes power supply, white

Premium CATV Modules are designed to distribute incoming RF signals (cable TV, HDTV, antenna, or other modulated sources) to 1, 8, or 16 locations throughout a home or office on coaxial cable. Modules incorporate state-of-the-art bi-directional signaling to support advanced interactive communications via a cable modem or cable box, as well as standard CATV, antenna, and other modulated inputs. Premium CATV Modules optimize the performance of digital cable signals to handle advanced technologies offered by cable operators, including delivery of HDTV.

Features and Benefits

- Distribute CATV, HDTV, antenna, and other modulated signals on coaxial cable throughout a home or office
- Provide a bi-directional signal path to support cable modem or cable box communications
- Easily install into any Leviton Structured Media® enclosures in a vertical or horizontal direction
- Modules tilt for greater ease of installation
- F-ports provide up to 15 psi weather sealing

UPC Code : 078477311486

Country Of Origin : China

RoHS Compliant : Yes
