Telephone Entry/Access Control System

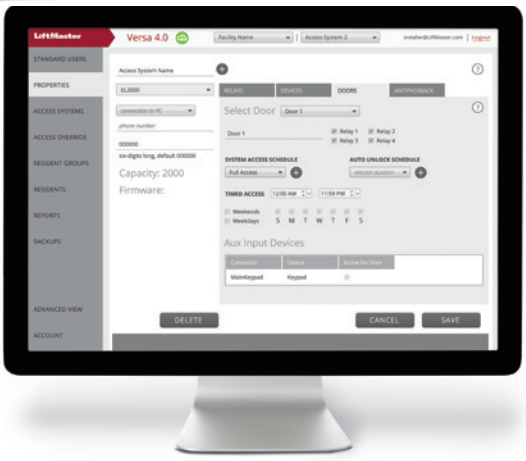
EL2000SS
EL25

EL2000SS

EL25G

Access Control Management, Now Easier than Ever

The **EL2000SS** and **EL25** Series Telephone Entry Systems all utilize our new **Versa XS 4.0** menu-driven software configuration and database management tool.



Versa XS 4.0 Software

VERSA XS 4.0 SOFTWARE FEATURES:
Simple user interface designed with you in mind

- Screens are very easy to read and understand
- Streamlines everyday user needs to quickly update information
- Help icons ⓘ for explanations of the features on every page
- Remote programming with multiple users
- Ability to latch/unlatch doors via software

FREE Cloud storage for reliable data sharing and backups

LiftMaster®

EL2000SS and EL25: Enhanced Versatility with a Bold New Look

ENTRY CODES
Allow for 2,000 4-digit codes to be programmed. The codes can be split up any way you choose; 500 directory codes, 1,000 card codes, 500 entry codes for example; up to 2,000 in total. The codes can be time-restricted and/or use-restricted

EL2000SS

Up to Four Wiegand Inputs, if using optional plug-in module, for use with card readers, keypads or PPWR radio receiver

Programmable Relays provide four assignable built-in relays

Call Forwarding and Do Not Disturb schedules can be programmed for every resident

Recessed, Lighted, ADA-Compliant Keypad makes entering your PIN easy and convenient

Call Waiting allows the resident to answer a call from the gate or door while on another call

Auto Sensor input automatically dials the residence or can activate relays

EL25S

EL2000SS ADDITIONAL FEATURES:

- **5-Inch Backlit LCD Display** clearly displays up to 4 lines with 20 characters per line
- **Illuminated Call Button** is easy to see and use
- **Rugged Brushed Stainless Steel Faceplate** with stainless steel powder-coated paint-finished enclosure

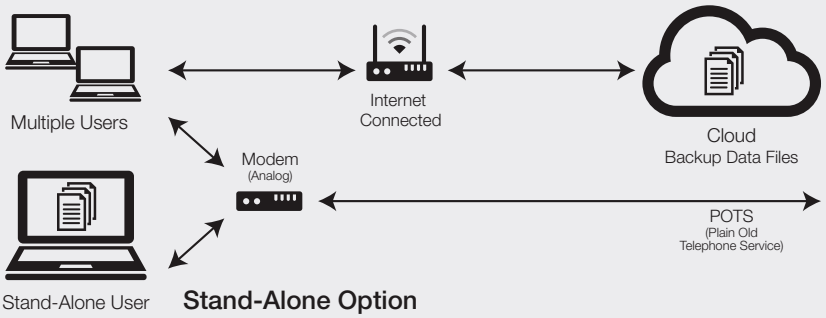
Versa XS 4.0 Software

The Access Control Management for the EL2000SS and EL25 with New User Interface

Versa XS 4.0 Software allows access control management for the **EL2000SS** and **EL25** with remote programming capabilities for multiple users. This system utilizes Cloud storage, and enables users to latch/unlatch doors via software, eliminating the need to call an installer to program. Versa XS 4.0 Software can be downloaded for **free** at **LiftMaster.com/SoftwareDownload**.

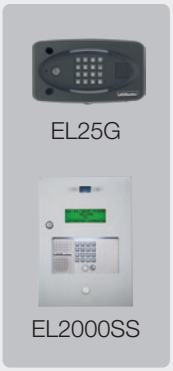
Cloud Storage Option

Data stored in the Cloud, internet connection required (multiple PCs)



Stand-Alone Option

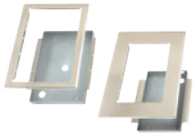
Data stored locally, no internet connection required (one PC only)



Add to Your System

EL25/EL2000 Wiegand Module (WOMODKT)
Supports two Wiegand-compatible remote control access devices.

Pedestal Mounting Kit (EL2000SSPKT)
Pedestal mounting kit compatible with model EL2000SS only. The kit allows you to mount an EL2000SS unit onto a standard gooseneck pedestal. Kit includes a mounting plate with gasket and hardware.



Trim Kits (EL2000SSTKN, EL2000SSTKW)
Compatible with model EL2000SS only. Kit includes a bezel, housing, mounting brackets and hardware. EL2000SSTKN retrofits to Dial Code, Infinity S/M. EL2000SSTKW retrofits to Infinity L and ICON 26.

Passport Receiver (PPWR)
Security+ 2.0® receiver compatible with LiftMaster® Access Control solutions. Supports standard Wiegand protocol in two operational modes: Pass-Thru and Advanced (WOMODKT required).

Passport MAX and Passport Lite Remote Controls (PPV3M, PPK3PHM, PPLK1-X)
LiftMaster remote controls with unique credentialed ID can be used with an access control system. Remote controls are available in three models: visor, keychain and keychain with proximity sensor. Visit LiftMaster.com to view all models.

Single Entry Access Control Keypad and Proximity Reader (KPR2000)
A secure and vandal-resistant controller. This keypad and proximity card reader is simple to install and looks great.

Pedestals (PED42, PED64)
42 in. pad mount (3 x 3 in.) and 64 in. in-ground (2 x 2 in.) square black powder-coated pedestal. (When used with the EL2000SS, it requires the EL2000SSPKT.)

Telephone Entry/Access Control System
