

NEW

VIKING KONNECT

**WIRELESS COMMUNICATION
GATE OPERATION**

VIKING KONNECT
SOFTWARE WORKS ON
APPLE AND ANDROID SYSTEMS

**USING BLUETOOTH TECHNOLOGY
GATE OPERATION, DIAGNOSTIC AND SETUP**

Gate operator/master/slave installation is easier than ever with the new Viking Konnect. This plug and play wireless communications system has a range of up to 100 feet.

The Viking Konnect also offers a simple diagnostic system. These wireless diagnostics not only allow remote operation, remote access to the control board settings, programming, operator diagnostics, controls, gate status and error notifications, all from the convenience of a computer or any compatible Apple or Android device

VIKING KONNECT DIAGNOSTIC TOOL

On-site remote access to the operator from the convenience of a compatible hand held device. With the Viking App, this tool becomes a wireless extension of the control board allowing you to view and change settings, review diagnostic information, operate the gate for testing and update the control boards firmware.

VIKING APP

Mobile device user interface application for Viking Konnect and Viking Monitor. Available for iOS, Android and Windows 8 operating systems. Free for download from your mobile device application store or www.vikingaccess.com

VIKING PART NUMBERS

Wireless Diagnostic Tool: VA - KONNECT-D
 Viking Connect Wireless Master/Slave: VA-KONNECT-MS

VIKING KONNECT MASTER/SLAVE KIT

Secure and reliable Master/Slave communication using Vikings Konnect technology. Paired with the Viking App, each module also doubles as a diagnostic tool.

VIKING KONNECT TELESERVICING

The Viking Konnect module is capable of diagnosing the gate operator and communicating the results to the Viking Tech Support Line, allowing rapid troubleshooting.
